

SmartPly OSB/2

SmartPly OSB/2 is an engineered, load-bearing panel designed for use in both structural and non-structural applications in dry conditions. It is a versatile, strong and cost-effective panel. Manufactured in accordance with EN 300 performance standard, it is ideal for furniture, packaging, pallet tops, garden sheds, boarding up, van fit-outs and other similar applications.

Quality & Environmental Certification:

SmartPly OSB is manufactured in accordance with the requirements of EN 300: Oriented Strand Boards (OSB) – *definitions, classification and specifications*.

SmartPly OSB is CE marked in accordance with the harmonised standard EN 13986: *Wood-based panels for use in construction – characteristics, evaluation of conformity and marking*. This standard is a technical specification for wood-based panels which implements the provisions of the Construction Products Directive (CPD). In addition to the CE mark, SmartPly OSB panels are marked 2+ Structural for ease of reference.

SmartPly OSB/2 is certified by the Irish Agrément Board (IAB) and KOMO for use in construction and other applications. Due to this certification it is permitted for structural use when

used in accordance with the requirements of the Building Regulations in the country of use.

SmartPly has achieved I.S. EN ISO 9001:2008, the internationally recognised quality management system which is certified by the National Standards Authority of Ireland (NSAI).

SmartPly has Forest Stewardship Council (FSC) Chain of Custody certification for its manufacturing, processing, sales and distribution processes.

SmartPly operates under an Integrated Pollution Prevention Control (IPPC) licence, which is monitored by the Environmental Protection Agency (EPA) in Ireland.
